

## Fall is here!

Members, it's time to welcome fall once again. For those of you celebrating back to school, we wish you all the best of luck for the upcoming academic year! In this issue of the Mechanical Brag you can expect to find more safety corner items, updates on upcoming events as well as an introduction to the newest creator on the team behind the monthly newsletter (and MCAHN's Executive Assistant).

Enjoy!

## A Letter from the Executive Assistant...

Dear Members,

For those of you I didn't have the pleasure of meeting at our golf day, or haven't had the chance of corresponding with over the phone or email; I'd love to have the chance to introduce myself! My name is Madelyn, and I hold the position of Executive Assistant at MCA Hamilton Niagara. I am a student hire currently completing my fourth year of study at Brock University in the Honours B.A. in Political Science and English program, with a minor in History and Environmental Sustainability. After completing my degree I'll be heading to teacher's college in hopes of one day making a difference in the education sector.

I started my work with MCAHN this past April, and I have already gotten to experience so many new things that have given me a plethora of new skills I can transfer over to future job positions. I am extremely thankful to have received this opportunity to grow myself as a professional, and I am very excited to continue my work with the association this year.

On that note, I want to keep this short and end it by saying I am so very happy I have gotten to join such a welcoming team! I look forward to meeting more of you, either virtually or in person, and I wish you all the best in the remainder of this crazy year. If you need anything from me, please don't hesitate to send me an email. Now time to get to my Popular Narrative Lecture...

- Madelyn
