Student Chapters Ideal Mechanism For Employer Career Stewardship

There are times when we all lead.... The student perspective is clear; the MCA network is engaging our succession generation while introducing every fascinating aspect of the Mechanical industry. Local employers are witnessing the transition through recruitment success while other chapter alumni hit stride with industry affiliates careers. Relationships are sustained, our network expands. A former student's perspective, as shared by our 2016-17 Student Chapter President, Conor Crump

THANK YOU to Paul SHEWFELT, Karl TEUBER, Kyle GETTY - Plan Group, Brad SAPLYWY - Lancaster Group and Greg HALL - Aecon Industrial who participated at December's Project Review Session. Results anticipated to be released by the end of January 2018. Historically "Team Hamilton" repeated their top 10 finish for six consecutive years – can they do it again?
